

REGISTER'S \$1,000 CASH CONTEST TO CLOSE TONIGHT

The Township Register's \$1,000 Circulation Club contest closes tonight (Friday) at 8 o'clock!

Contestants have been cautioned by Miss Oma Perry, contest manager, to get their final subscriptions into the ballot box in the Register office before the 8 p.m. deadline.

For the past three days the ballot box has been sealed and no one but the individual club members know how much they have placed in this box, nor will they know until the judges, Vernon Ellsworth, Carl Christensen and Jack Parry, have made the final count and announced the winners.

The five top contestants will receive cash awards of \$500, \$200, \$150, \$100 and \$50, and the remaining contestants will receive ten per cent commission on all subscription money they have accepted.

In previous weeks the standings of the contestants were published, based on only the past week's sales, but this week's standings, according to Miss Perry, are the approximate standings for the entire campaign.

Miss Perry stated that the majority of club members have a large number of reserve votes which have not been published, but must be taken into consideration in the final outcome.

"Candidates have been allowed reserve bonus points in order that no one might know their exact standing until after the campaign is closed, when the total number will be published," Miss Perry said.

She added that a number of club members are so close in points that the work done between Wednesday morning and tonight can change the lineup.

The standings, given below, include points turned in up to 5:30 p.m. Tuesday, May 30.

Mrs. Thomas Robbins	774,600
Mrs. Pearl Guardanapo	751,700
Miss Margaret Cole	729,100
Miss Betty Krueger	724,700
Rinaldo Caminada	507,400
Mrs. Charlotte May	503,300
Miss Barbara Talley	461,000
Mrs. Hallie Stollenwerk	431,600

JAIL SENTENCE FOR CHECK 'CHISELING'

Rudolph M. Basurto, 20, of 562 Spuce Street, Newark, was sentenced to 30 days in the county jail last Thursday on a plea of guilty to violations of the State Unemployment Act.

Basurto appeared in the court of Judge Jacob Harder Jr. in Hayward and admitted accepting \$65 in unemployment checks while he was gainfully employed.

He was one of six men of Southern Alameda County charged with "chiseling" unemployment money. Basurto and one other defendant entered pleas of guilty and were given jail sentences. The other defendants will face trial next week.

NO ACCIDENTS REPORTED HERE

Despite the swarms of autos that clogged the highways throughout the township over the week-end and holiday, no series highway accidents, involving personal injury, were reported.

Highway patrolmen on duty in this vicinity were quick to praise the motorists for their cautious driving at reduced speeds.

The weather for the travelers was excellent and the heat resulted in most families heading for the beaches.

The stay-at-homes took one look at their thermometers Monday and dashed back into the shade for more cool drinks. Unofficial weather observers throughout the township reported that their thermometers hit a record 100 degrees.

TOWNSHIP CHAMBER TOLD OF PLAN FOR TRUCK RATE CUT

Assurance that the truck freight rates in Washington Township are to be placed on a more equitable basis has been received by the Township Chamber of Commerce from the Rocky Mountain Tariff Bureau, Incorporated.

The Township Chamber, acting on the request of the Centerville Chamber on the motion of Joe Jason, Centerville manufacturer, recently wrote to the traffic bureau asking why rates from the township to eastern cities far exceeded rates from Oakland and San Jose to the same cities.

In his letter to the bureau, Harold Speetzer, executive secretary for the Township Chamber, requested that communities in the township be listed in the bureau's rate book.

The letter assuring the local group of immediate action was read at the regular monthly meeting of the Chamber held Wednesday evening at the Irvington fire station.

In the letter to the Chamber the bureau stated: "We have recently had approved by our transcontinental carriers a proposal to establish rates in our transcontinental tariff to and from each of the points named in your letter, and service at such points is shown as being provided by Savage Transportation Company. The addition of these points has been published in a set of pages to territorial directory No. 1-A issued May 19 with an effective date of June 28."

GARBAGE DUMP SOUGHT
In a discussion of a proposed garbage dump to serve the township, Al Gamba, local representative for the Eastbay Garbage Co., told the group that his company is desirous of obtaining a minimum of 50 acres near Newark to be converted into a public dump. Speetzer was instructed to contact the Alameda County Board of Supervisors to determine if they would authorize the establishment of a dump in that vicinity.

The Chamber members adopted a resolution requesting \$2,400 per year from the Board of Supervisors to assist in the operation of the local Chamber.

Edward Paniagua, president of the Decoto Chamber of Commerce, was a guest at the meeting and told the group of the plans for a 600-home subdivision at Decoto. He stated that the developers had expressed a desire to construct their own sewage treatment and disposal plant. Paniagua expressed belief that one large plant should serve the entire community. He stated that the community's

PROPOSED FREEWAY ROUTE . . . Shown above is a drawing of the newly proposed location of the Eastbay Freeway which the California Highway Commission has forwarded to the Alameda County Board of Supervisors. The proposed route links the Santa Clara county line with the last adopted section of the freeway at Beard Road near Centerville.

UNION SANITARY BOARD RUSHES EXPANSION PLANS

The Union Sanitary District Board, at a special meeting held Monday evening, announced its intention to speed the construction of sewer lines throughout the areas recently annexed to the district.

President George Coit announced, following the meeting, that bids for the laying of approximately 1½ miles of sewer line along Alder Avenue in Centerville would be called within the next few weeks.

The board also approved plans for the remodeling of a lift pump located near the California Nursery in Niles and the construction of a shed to house the mechanism.

Work is expected to start on Annex No. 3, along the Niles Strip, within the next few days. This annex calls for the laying of less than a mile of sewer line.

At the June 26 meeting of the Board a Resolution of Intention to construct sewer lines in the recently annexed Canyon Heights area near Niles will be filed.

The board also voted to continue plans to construct an office and warehouse on its property at the corner of Bain and Stevens Streets in Centerville. Plans for the building have been drawn and approved and bids for the construction will be called soon.

SPECIAL AWARDS TO HIGH SCHOOL PUPILS

Students of the music, athletic and commercial departments of Washington Union High School received their awards at a special assembly held Wednesday afternoon.

In addition to the department awards, life-time memberships in the California Scholastic Federation were awarded by J. V. Goold, district superintendent, to Setsuko Umemoto and Barbara Smyrl. Barbara Smyrl was also voted the outstanding senior girl citizen for the year and received the D. A. R. award.

Bank of America award certificates were distributed by Loren Marriott to Faith Walker, art; Ann Untiedt, English; Margaret Williams, music; Frank Hermoso, social science; Joan Pereira, business; Shirley Furtado, home economics; and Edward Estacio, agriculture.

Engraved cups were also awarded by the bank to Ann Untiedt, liberal arts, and Edward Estacio, vocational arts.

The selections were made by the instructors of the senior students.

NILES POSTMASTER TAKES TOP HONORS

Ed Enos, Niles postmaster, was elected first vice-president of the California Postmasters Association at a convention held last week at Hoberg's. This puts Enos in line for the presidency when the election is held next year at San Diego. The Niles postmaster took additional honors at the convention by winning the "king of the waltz" title in a dancing contest. His partner was the wife of a southern California postmaster.

CUBMASTER RESIGNS

Frank Crossman of Niles this week announced his resignation as Cubmaster of the Niles Cub Pack. Crossman told the committee that he would continue to serve the group in any way possible but was unable to continue to give the time needed as leader. His assistant was Frank Stewart.

NO INTEREST ON HIS CASH LOAN

Burlia James, Niles, who operates a chain of juke boxes and amusement machines in this area, found himself in the finance business recently through no fault of his own.

James had serviced a machine in a Hayward tavern, owned by Kenny Ferry of Niles. When he left he failed to lock the door to the music machine and when he returned some time later \$21 in currency was missing from the money box.

Both Ferry and James thought they had been fleeced out of their proceeds from the machine until Ferry received a letter a week later.

The envelope contained an unsigned note which read, "Thanks for the loan," and \$21 in currency.

ALVISO TEACHER TERMINATES 30 YEARS OF SERVICE

Mrs. Marie Dutra, a teacher in the Alviso Elementary School for the past 24 years, has announced that she will retire at the conclusion of this school term, terminating more than 30 years of service as a school teacher.

Mrs. Dutra will be honored with a testimonial dinner to be given Wednesday evening, June 7, at the International Kitchen at 6:30, by the school officials, Mothers' Club and parents of the school children. Many county school officials are expected to also be present at the dinner.

The honoree's invitation to the affair was presented this week with the card tied to a brass dinner bell, a gift from the Mothers' Club.

Mrs. Dutra began her teaching career at the Newark Elementary School under Principal Eph Musick, now retired and living in Decoto.

A program will be presented by the school children and dancing will be enjoyed from 9 to 11 p.m., according to Mrs. Lydia Orsetti, chairman.

FUGITIVE RETURNED FOR SENTENCING

Jesus Reyes Flores, 24, itinerant ranch worker wanted here since January 23 when he failed to appear for sentence on a hit and run charge, was arrested last week-end in Pescadero.

Flores had entered a plea of guilty to the charge in Justice Court here last January and had been granted a continuance of one week for the pronouncement of sentence. When he failed to appear a warrant was issued for his arrest.

Returned here Wednesday for sentencing, Flores was fined \$50 by Judge E. A. Quaresma and given until July 7 to pay the fine.

ROBERT AVILA INJURED IN 30-FOOT FALL

Robert Avila of Irvington, an employee at the Westvaco Chemical plant in Newark, suffered serious injuries last Sunday evening when he fell while at work at the plant.

Avila fell approximately 30 feet onto a concrete floor. His fall was broken about midway by a steel girder which struck him across the back.

He was taken to San Jose Hospital in the Dallas Paul ambulance from Centerville. Examination revealed that he had suffered a fractured vertebrae and a slight skull fracture.

WARREN STRESSES STATE ECONOMY IN TWO TALKS HERE

The problem of California's rapid growth in population and the need for a continuation of an economy-minded administration was outlined briefly by Governor Earl Warren in his visit to Washington Township last Friday morning.

A crowd of several hundred persons turned out in both Niles and Centerville for the early morning talks by the governor in his current campaign for re-election.

The governor, introduced by Judge Allen G. Norris, recalled his frequent visits to Washington Township when he was serving as District Attorney of Alameda County and called out the names of some of his acquaintances here.

NO TAX BOOST

The governor pointed out that the population of California has grown more than four million in the past four years.

"That is comparable to taking all the persons in one of our five largest states and transferring them here, fitting them into our way of living," he said.

"The state is bursting at its seams. But despite this we have been able to keep within our budget without raising taxes."

"I'm not here to promise a lot of things that I can't give you. If you promise those things you must also state that you are going to raise taxes."

Warren told his audience that if he is re-elected to the governorship he will continue his policy of seeing to it that the state pays its bills. "When we don't have the money we stop spending," he emphasized. "When we begin spending more than we are taking in, the whole structure becomes endangered."

STUDENTS HAPPY

"If you will that I return to Sacramento I will surround myself with good Americans and together we can give you the kind of government you want and that will satisfy you."

The governor won the hearts of the elementary school youngsters by apologizing for being responsible for their missing early morning class, and then laughingly saying that if time permitted he would stay for another half hour so they could miss another class.

LOCAL CLUB WINS NATIONAL HONORS

The Country Club of Washington Township came in for top honors at the national convention of women's clubs at Boston this week. The Club received honorable mention for its community service project, the History of Washington Township. Although the Club failed to win the \$5,000 first prize—which went to a club in Mississippi—local club members do not feel disappointed as there were only three honorable mentions awarded.

According to Mrs. Roland Bendel, who edited the history book, the Country Club's project was the only one in California to qualify at the national convention. "Naturally we are disappointed in not receiving the first prize," said Mrs. Bendel, "and I'm sure there's some mistake in the regulations, as we had only one project entered whereas the winning club from Mississippi had several projects. We naturally would have stood a better chance of winning had we known that we should have entered more than one project."

State Reveals New Proposed Route For Eastshore Freeway

Another step toward the eventual construction of an Eastbay Freeway was made this week with the California Highway Commission notifying the Alameda County Board of Supervisors of its intention to adopt a freeway location through this area.

The notice, filed by State Highway Engineer George T. McCoy, is for the proposed location of the super-highway between Beard Road, near Centerville, and the Santa Clara County line.

The newly proposed route begins at the termination of the route adopted on November 18, 1943, at the intersection of the Centerville-Alvarado Highway and Beard Road, three miles west of Centerville.

The new proposed site intersects Jarvis Road three-fourths of a mile southwest of the Centerville-Alvarado Highway. It crosses Thornton Avenue just a few hundred feet below Blacow Road and makes approximately a 30 degree easterly turn at Central Avenue and parallels Cedar Road and Mowry School road to the north as far as P. G. and E. Road.

The proposed super-highway then cuts across country, intersecting Landing Road one-half mile north of Cushing Road, passes between Warm Springs and the bay and ends at the county line one mile west of the present highway.

In his announcement McCoy stated that the future development of this portion of the East Shore Freeway will be on the basis of a four-lane divided freeway with initial grade separations and channelized intersections to be constructed.

"This section is another unit in the progressive development of the East Shore Freeway between San Jose and Oakland," McCoy said.

He requested the supervisors to notify the Highway Commission if they deem it advisable to hold a public hearing on the proposal.

BEET ACREAGE SETS NEW STATE RECORD

For the first time in California's history the total acreage planted to sugar beets has gone over the 200,000 mark and growers and processors have scheduled special meetings to discuss harvest schedules.

Melvin Nielsen, president of District No. 1 of the California Beet Growers Association, said this week that in view of the record acreage, a special meeting will be held at Washington Union High School at 8 p.m. on June 8.

"All growers have been notified of the get-together and a large turnout is expected to discuss the forthcoming harvest in our area," Nielsen said. Representatives of sugar companies will be present to review their harvest schedules and to outline plans for an orderly and successful harvest season.

He added that the estimated acreage of beets in the state this year is 215,000, an increase of approximately 45 per cent over the plantings in 1949. Yields are not expected to equal the record-breaking tonnages harvested last year but will reach above average except in Imperial Valley where the unusually severe winter has affected the crop now being harvested.

Gordon Lyons, executive manager of the association, has announced that the four California sugar beet processing companies have completed arrangements to operate all 11 factories at maximum capacity.

THIEVES STEAL FLOWERS FROM GRAVES HERE

Sheriff's deputies reported this week that they have received numerous complaints during the past months of thieves stealing flowers from new graves.

The officers stated that in each instance the culprits have removed the large floral pieces from the graves during the night after the burials.

149 TO GRADUATE FROM WASHINGTON HIGH ON JUNE 15

One hundred and forty-nine students of Washington Union High School will receive their diplomas at commencement exercises to be held Thursday, June 15, according to J. V. Goold, district superintendent.

The graduation exercises will be held under the lights in Memorial Stadium, beginning at 8:30 p.m.

Goold announced that 132 regularly enrolled day students would receive their diplomas. One member of the armed forces, Ernest Tack, will be sent his diploma and two veterans will be graduated.

Warren Gravestock, principal of the Washington Evening School, stated this week that 14 local residents will receive their diplomas from the evening school.

Special awards to be presented at the graduation exercises will be the P.T.A. Scholarship Award; Perfect Attendance Awards, and the California Scholarship Federation Award.

Members of the graduating class who will speak on the topic, "Our Heritage of Hope," are Lorraine McClain and James Griffin.

The presentation of diplomas will be made by A. E. Alameda, president of the Board of Trustees.

TRUCK DRIVER DUE FOR A SURPRISE

An Oakland truck driver is in for a surprise when he appears in Centerville Justice Court today for trial on a charge of speeding.

The defendant, Cleo William Bates, 3003 MacArthur Boulevard, stood in court last Friday and heard Judge Allen G. Norris read the complaint charging him with operating his truck on Highway 17 between Irvington and Centerville at 55 miles per hour.

Bates quickly retorted that he was doing 46 miles per hour, not 55 as the officer alleged, and thus entered a plea of not guilty.

What he overlooked was the fact that 40 miles per hour is the maximum for the type of vehicle he was driving.

He then departed from the court, climbed in the highway monster, which he had double parked while he was in court, and drove away.

Sparks from the Steel Mill

Richard Gregory and family motored to Antioch Tuesday to do a little fishing, and that's all he got—little ones. However, he did get a good sunburn.

Bill Strong of the rolling mill did some painting for a few days at home. Bill says he's glad that's over with; the paint spirits were getting the best of him.

John Cease, ace strander, worked two days on his home which he is constructing. John and Gor-

man Topel, a fellow worker, then spent two days on John's cruiser between Antioch and Mokelumne River, where they met "Snow-shoes" Svoboda traveling around in his cruiser.

Chet Gellerman, Herb Gillard and Tieg Rushing of the 26-inch mill motored to Princeton and went fishing. They caught a sack of blue fish.

Bill Webster, Charles Myers, Albert Thompson, Dick Pickering,

Charlie Bell, Clyde Mouck and Lou Wentz went to Princeton on a fishing trip, and had a fair catch of blue fish and two cases of sea-sickness.

Joe Hudson and Joe Moura went up to Old River to do a little fishing. Their catch was a three-inch minnow!

HAPPY GRANDPARENTS

Gee! Have you seen that look of triumph on the face of Mrs. Mary C. Silva. If not, you have missed something for she is as proud as a peacock for her son and wife, Mr. and Mrs. Henry Silva, presented the family with their first grandchild. The tiny tot beat old Doc Stork by only ten short minutes in the race from Dos Palos where the H. Silvas have been living, to the San Jose Community Hospital, and left lit-

tle Charlotte Ann, weight 6 pounds and 8 ounces. Of course Granddad Matheus hasn't been around where I could see him but I bet he had to buy a new hat—he was that proud.

TO YOSEMITE

Another last week article which I did not get in was that Pop Joe Telles, accompanied by his daughter, Rosalyn Garcia, and grandson Stanley, motored to Yosemite, Hetch-Hetchy Dam and Glacier Point over last week-end.

ON SICK LIST

Mrs. Fern Overacker was under the weather last week having a very severe case of hay fever or something of the sort. Glenn Bottenberg is also not so chipper and several others are complaining about catching the flu bug because of the weather.

FROM ARIZONA

Mr. and Mrs. Hardy Burt and daughter, Katharine, of Phoenix, Arizona, arrived in the home town of Mission just in time to celebrate the annual Holy Ghost. They were guests at her mother's home, Mr. and Mrs. Joseph Azeveda. They are here for only a four day vacation and back again to the hot spot, but really it could be no hotter than this country was on Monday.

NEW WAITRESS

Mrs. Rachael Hill, who has been employed at the Masonic Home in Decoto, has resigned her job to become a waitress at Helen's Fountain, taking Molly's place. The Hills have lived here in the Mission for a few years now and hope to make it their permanent home.

SAD PASSING

Friends and neighbors were all shocked and saddened by the sudden passing of one of the old timers of Portuguese descent, Mr. Joseph F. Medeiros of Ellsworth Street. He took sick on Monday and was rushed to a San Jose hospital where he passed away on Thursday at noon. He was always a very active member of the local I.D.E.S. Lodge and helped every year in the Holy Ghost celebrations. It seemed rather sad that he had to go three days before this last one. He leaves a wife, Florence, and a number of children, grandchildren and some great-grandchildren.

A NEW LOOK

The cemetery around St. Joseph's Church has certainly taken on a change of face in the past two weeks as Rick Meyers and Bill Pereira have been cleaning weeds and trimming hedges and had it all ready for the Holy Ghost celebration last Sunday.

NEW BUILDING

The new building which Miss Hyde is having erected west of her present new Mission Shop, is coming along very nicely and she has plans to have a tea room there. That corner of town is certainly building up with places to be proud of and when Mr. and Mrs. (Continued on page 8)

**IF YOU USE THE LOCAL CAB SERVICE
READ THIS:**

The pioneers of the cab business established 25c per mile or three dollars per hour as a fair rate many years ago. A driver received about five dollars a day then and cost of operating the cab was about three cents per mile.

Here we are today, in Washington Township only, still operating at the same old rate. Wages, insurance, taxes, automobiles and operating costs are three times what they were twenty years ago. Ford, Chevrolet or Plymouth cars were about \$700 compared to the present \$2200 when equipped for cab service.

Many trips in this area due to gradually being reduced are as low as eight cents per mile, of which the driver receives one-half, leaving four cents for the management. The cost of operating the vehicle alone is six and one-half cents per mile—a loss of two and one-half cents for every mile driven. In addition there must be telephones, waiting rooms, yellow zones, and someone on duty 24 hours a day to answer the telephones.

Unknown to most people, this business is highly taxed. A transportation tax is paid on every fare. A record of each trip must be kept. Each cab must have commercial plates, also a license to operate from our state government. The insurance rates are higher than any other form of public transportation in proportion to the income. This insurance has to be placed outside the U. S. A. as no company here, to our knowledge, will take it.

This total picture is the situation which has forced previous owners to sell out or quit operating. We are not going out of business because we believe a cab service is needed and we also believe local management is better for all of us, having operated a business here for several years.

Therefore various prices must be increased enough to show a fair profit.

A shortwave radio station plus a receiver and transmitter for each cab is being built for the "Township Cab Service." This equipment will be installed approximately July 1. The purpose of these modern improvements is to give faster service to the customer. At that time the proposed increases will become effective.

DON'T LET THIS SCARE YOU.

The increase is merely an adjustment of previous prices which have been cut for various "special" reasons. Everyone should pay the same price except those few who are commuters. Script books at a saving of 15% are available for them.

HONEYMOON IN THE SOUTH FOLLOWS RITES FOR FORMER BARBARA RE AND HUSBAND

Receiving their wedding guests as Mr. and Mrs. Wayne Davis, the former Barbara Re and her bridegroom were the center of attention at the reception which followed their marriage last Sunday at Corpus Christi Church. The reception was held at the Veterans Building in Niles, with a party later for relatives at the home of the bride's parents, Mr. and Mrs. John Re. Over 300 guests were at the reception.

Barbara made a lovely picture as she walked down the aisle in an exquisite white organdy gown, the organdy satin-stitched in scallops which were also on the long train. The bodice was fashioned with peter-pan collar, and tiny buttons ran down the front. Her finger-tip veil was held in place with a coronet of scalloped satin. Her bouquet was a combination of white orchids and lilies-of-the-valley.

Juliette Re was her sister's maid-of-honor. Bridesmaids were Edna Lewis and Jeanette Biagini, both gowned in pale yellow organdy with wreaths of carnations in their hair. They carried heart-shaped bouquets of yellow carnations and bouvardia. Juliette was

in pale green organdy. All wore pearl necklaces.

Best man was Carl Pierce and ushers were Milton Mohn and Ronald Oliver.

Mrs. Re selected a two-piece checked crepe ensemble for her daughter's wedding, and with it wore a white orchid corsage. Her accessories were navy.

Mrs. Davis, the bridegroom's mother, chose a navy blue lace gown, with pink accessories. She also wore a white orchid.

The wedding music was played by Mrs. Clarence Crane, and Mrs. Rose Vieux sang a solo, "Ave Maria."

Later, at the reception, the guests enjoyed the music of Albie Silva and his orchestra.

Edna Lewis was the lucky girl who caught the bride's bouquet, and Ronnie Oliver caught the blue garter.

For her going-away costume, the bride wore a gabardine suit with navy skirt and striped navy and white jacket. With it she wore a pique hat, and a white orchid corsage.

Upon their return from a honeymoon in the south, the newlyweds will make their home in San Jose, where Mr. Davis is employed.

Niles Librarian Leaves Tonight for New York

Miss Elaine Howe — or Ann Howe, as she is popularly known — is leaving this evening by plane for New York. She expects to spend a month away from her duties as Niles librarian, visiting friends and relatives on the east coast. Much of her time will be spent in Massachusetts where she will stay with her mother and sister.

During her absence, Mrs. Stewart Kiernan will be the substitute librarian.

Fisherman's Paradise

Dr. and Mrs. Tom Wilson had the unusual pleasure this last week-end of fishing right in their own back yard. Strictly speaking it wasn't their back yard, but Mrs. Wilson's mother's, at Angel's Camp. A stream — full of trout — runs right through her property. The Wilsons had excellent luck.

From Oregon

Mrs. W. E. Wyatt of Philomath, Oregon, and her two sons are visiting at the home of Mrs. Wyatt's mother, Mrs. Sarah Crane of Niles.

Niles Couple Returns from Islands

Mr. and Mrs. A. J. Ferrante have returned to their home in Niles after a most interesting and entertaining two months spent visiting their son and daughter-in-law, Lt. (jg) and Mrs. John Ferrante in the Hawaiian Islands.

The Ferrantes went over to the Islands on the Navy ship General Mann, and returned on the army ship, the Brewster.

One of the highlights of the visit, of course, was in seeing their 21-months old granddaughter, who saw to it that her grandparents had never a dull moment.

The Ferrantes were royally entertained while they were there. They attended a Luau feast, which they enjoyed immensely. They were also entertained at a lavish Hawaiian dinner by Mr. and Mrs. William Costa, who are known locally as relatives of Mrs. Christina Anderson of Alvarado. The Ferrantes were also dinner guests of Dr. and Mrs. Holt.

"The warm hospitality of all our son's friends made our visit a memorable one," said Mrs. Ferrante enthusiastically.

This was Mrs. Ferrante's third trip over to the Islands. Each time she comes home with increasingly glowing reports about their beauty and their enchantment.

Supper and Bridge

Mrs. Lester Mann of Niles was hostess at a supper and bridge party last Wednesday evening. Those who attended included Mmes. Vernon Brown, William Chilcote, Michael Cimino, Vincent Gaehler, Karl Nordvik, Clark Redeker, Jud Taylor and Clyde Voorhees.

A New Member of Family

Mrs. W. L. McWhirter of Centerville has been in Los Angeles visiting with her son and family, Mr. and Mrs. Tom McWhirter, who have just become parents for the second time. Another boy, David, is now a member of the family.

At Cazadero

Mr. and Mrs. Frank Zeimer and their son, Frankie, of Niles, spent the Memorial Day week-end at their ranch at Cazadero. The thermometer reached a high of 104, but the Zeimers enjoyed themselves in spite of the heat.

Mrs. Juanita Massa, instructor of the flower arrangement class for the adult education at Washington High, will be the honored guest at a luncheon given today at the International Kitchen. The luncheon is being given by members of her class in appreciation of her fine work during the past year.

The skill which the members of the class have developed under her tutelage was demonstrated at the recent flower arrangement exhibit at the high school on the evening of the "I Am An American" day program. Some outstanding arrangements were viewed at that time, showing the artistic ability of members of the class.

Those of the class who plan to attend the luncheon today include: Mamie Perry, Susie Lewis, Opal Hager, Lenda Buttner, Beta Silva, Vera Armstrong, Mabel Abreu, Helen Rose, Ethel Francis, Clara May, Gertrude Kennedy, Catherine Power, Harriet Olson, Hazel Rodrick, Alzesta Amaral, Alice Santos, Fleecie Gomes, Mary Machado and Lois Gravestock.

Irvington Couple At Tia Juana

Mr. and Mrs. William Drake of Irvington have returned home after a most enjoyable trip to southern California. They also went in to Mexico and arrived at Tia Juana on the official opening of the bull-fight season. So they had the additional thrill of seeing a bull-fight. Accompanying them was Mr. Drake's great-uncle, Floyd Jarvis, of Springfield, Ohio. As he had never before been to California, they showed him the sights on the way down, including Yosemite. They returned home via the coast route.

Their two daughters, Linda and Barbara, stayed with their grandparents, Mr. and Mrs. Lindsay Drake.

Maxine Mau and Jerry Martin have returned from a week's vacation at Angel's Camp, where they took in the exciting jumping-frog contest. They also motored up to Pine Crest. The two girls came back to their respective jobs, Maxine at New Colma Mill and Jerry at L & V, considerably refreshed by their jaunt.

IRVINGTON NINE DOWNS S. F. CLUB

Strengthened by the addition of two of Washington High's outstanding players, the Irvington Merchants scored a 12 to 8 victory over the Sarto Club of San Francisco on the Centerville diamond last Sunday afternoon.

The visitors out-hit the local club, getting base hits in each of the nine innings, but Tony Dutra, Irvington mound worker, was able to tighten down in the pinches, allowing runs in only the fifth, sixth and final innings.

Fernandez and Rose, Irvington shortstop and third baseman, each duplicated their batting performance of last week by getting home runs. Rose's circuit clout came in the first inning with two men on base. Dutra banged a triple and Sabe Elizarrey, high school mound ace who held down the centerfield slot Sunday, hit two doubles.

Berrios, who also starred with the pennant winning high school club, was assigned to second base Sunday by Manager Frank Mayer, and Ed Rose was shifted to third base.

The Irvington lads executed three double plays during the nine innings: Dutra-to-Berrios-to-Roderick, Fernandez-to-Berrios-to-Roderick, and Alameda to Roderick.

This Sunday the Irvington Club will journey to San Jose for a game against the Zebras, to be played at San Jose Municipal Stadium at 2 p.m.

WASHINGTON TRACK SQUAD ENDS SEASON

The Washington High track and field squads hung up their spikes for the season last Friday after competing in the annual Santa Clara Valley Athletic League finals at Fremont High in Sunnyvale.

Three of the four squads, competing against their league opponents, went point hungry, with the varsity, Class C and Class D barely making the also-ran column.

The Class B squad, thanks on the most part to little sprinter Joey Orrochi, took third place in total points with 41.

The varsity ended up in sixth place with 20½ points. The C's were able to collect but 5 points and the D's out-pointed Los Gatos to stay one notch out of the cellar with 6½ points.

The varsity picked up a goodly share of its points in the pole vault with Morlos winning the event and Arias tying for third.

Don Pine won third place in the 440-yard event and Orvie Robertson came in fifth in the half mile run.

Other points were added by Sucedo, who placed fourth in the mile run, and Willie Funk, who heaved his way into second place in the shot put.

STATE, FEDERAL AID TO HEALTH DEPT.

Announcement was made this week that Chester E. Stanley, member of the Alameda County Board of Supervisors, of a grant to the Alameda County Health Department of almost \$35,000 in state and federal funds.

The largest part of the budget for the County Health Department will be allocated by the Supervisors from county tax funds.

TEEN-AGERS ON WAY TO HOLLYWOOD

Twelve members of the Centerville Presbyterian Church Youth Group, accompanied by the pastor and his wife, Mr. and Mrs. Howard Steward, are enroute today on the Southern Pacific "Daylight" to Hollywood, where they will be entertained and shown the sights by members of the Hollywood Presbyterian Church.

The invitation to come to Hollywood came about as a result of the recent revival meeting at the high school in Centerville, which had as its featured speaker a talented young movie actress who gave up a career in the movies for Christian missionary work.

The young people are looking forward to visiting radio shows and perhaps a movie studio or two; and on Sunday will attend services at the Hollywood Presbyterian Church. They plan to return on Monday evening.

Those who will make the trip, in addition to the Stewards and their daughter, Jeanette, are: Ralph Juhl, Dick Arrington, Douglas Mackintosh, Arlan Abbott, Janice and Joanne Harlan, LeRoy Brown, Lucy Knox and Faith Walker.

IT HAPPENED HERE

The Music Festival at the High School last Friday night, staged by the music departments of the township elementary schools, was a credit, not only to the schools of Washington Township, but to rural schools as a whole. It was one of the finest things that ever happened in Washington Township, for it allayed the fears of those parents who have harbored thoughts that "our children are missing something by going to a rural school."

Those who attended the festival and witnessed the stirring presentation of instrumental and choral selections by our school children, came away with a feeling of confidence and pride. Nowhere, not even in the most sophisticated metropolitan schools, could there have been a more polished, and more inspired, performance.

Over a thousand spectators were on hand. From the moment that Lee Ly-

kens, administrator of music for the county school department, raised his baton, to the time when he laid it down 'midst the thunderous applause of an enthusiastic audience, there was an awed hush over the big gymnasium. It was as though the audience were holding its breath, waiting for the magic spell of this wonderful music to be broken. It seemed almost too good to be true. Were the kids actually this good, or was everybody dreaming?

No, nobody was dreaming. The youngsters WERE good. The bursts of spontaneous applause that broke the awed hush were proof of this. Children who had come to school with little or no musical knowledge had flowered into young musicians under the patient tutelage of persevering musical instructors.

How little do we appreciate the painstaking efforts of our teachers in molding a horde of lusty, spirited youngsters into passable musicians! To teach one child to play an instrument or to sing is a feat in itself. To teach a group of fifty or sixty or more is a miracle!

The 600 performers at the festival were as inspired by their performance as were their parents and friends. It was young democracy in action. What chance for Communism or kindred subversive philosophies to creep into a group that knows so keenly the thrill of playing and singing together "America the Beautiful"?

Yes, indeed, the Musical Festival was one of the finest things that ever happened to Washington Township. Let us hope that it is only the forerunner of an annual event.

DAY BY DAY IN DECOTO

By GRACE CAMINADA

PINCHHITTER ONCE MORE
Grace Caminada is still on her vacation so I guess your guest reporter will try his hand on writing the news again.

FINE SHOWING

The Decoto School Drum & Bugle Corps, all decked out in their bright red and white new uniforms last Friday night at Washington Union High School gymnasium, made a very good showing. In fact from the reports I received they got a very good response from the crowd. The Decoto school band also took part and did a very good job of both playing and marching.

BIG DAY

Both the Decoto Elementary School Patrol and the Drum and Bugle Corps took part in marching at Bret Harte School at Hayward last Saturday. Most of the schools of the township and Hayward took part, and while the official result is not known, unofficially they placed near the top. After the marching all those who participated were treated to a good lunch sponsored by P.T.A. units of Hayward and other Hayward organizations. The day was finished out with everyone enjoying a good swim at the Hayward Plunge.

A LATE REPORT

Many people from here went picnicking and on trips but since this news has to be in Niles by Wednesday morning I can not report on this. Will try to next week.

CANNERY REPORT

I promised to report this week on the new management who will run the Marlo Cannery, but have been unable to get in touch with the new bosses since they have not moved into the Marlo Cannery offices yet, but did find out that they expect to can apricots, tomatoes and peaches.

A SOLUTION TO A PROBLEM

Joe Seane Jr. of Seventh Street has been busy building a nice board fence around his home. While not yet complete, the job looks very good. I think it will help to keep some of the few thousand dogs, which we have running around this part of town, out of his yard.

WATCH OUT, FIDO!

As long as we're on the subject of dogs, I would like to report that C. H. Baird of the Oakland Society for Prevention of Cruelty to Animals of Alameda County, has been coming to town on Mondays and picking up unlicensed dogs, especially around the school yard. According to Principal Lewis Musick, sometimes the lower classrooms had nearly as many dogs as children in the rooms. The dogs would follow the children right into the classrooms. If dogs become a nuisance around your home, here is the number to call—KELlog 2-7667, 330 Kennedy Street, Oakland 6, Calif., C. H. Baird, and I think he will try his best to pick up these dogs.

SIGNED UP

The Irvington Merchants baseball team has signed up Sabe "Lefty" Elizarray to pitch and Raymond Berrios to play second base or shortstop. Both boys just recently starred with the Washington High School Huskies. Also playing on this team is Johnny Garcia who has been pitching fine ball for Irvington for a couple of years. That's three good boys from Decoto playing on a good club. This team will travel and play some of the best teams in Northern California.

HOMES—AND MORE HOMES

Philip Hernandez, who operates a food store and gas station at Hayward, is building two homes on property which he owns here on Second street, near Whipple Road. Later he plans to construct a few more homes here. His father-in-law, Frank Ariza, is working on this home with Philip. Decoto is sure growing fast, homes and more homes everywhere you look. Some day we're going to have the biggest and greatest town in the township. The new tract of homes on the Niles and Hayward Highway, just north of town, are starting to develop also, a few foundations already having been poured. Some of these homes will be ready by November. They are being built by T. R. Betchel and Company.

The Decoto P.T.A. will have their annual whist party at the Decoto School today (Friday), at 8 p.m. All residents of Decoto and of the township should attend for this is a good cause and the P.T.A. is doing a splendid job here in town.

DEATH CLAIMS INFANT ON VISIT HERE

Funeral services were held from the parlors of the Berge Mortuary Company in Niles yesterday for little Albert LeRoy Floyd, one-year-old son of Mr. and Mrs. Albert Floyd of Cincinnati, Ohio.

Mrs. Floyd had been in Sunol for the past two months with her two children, Albert LeRoy and Sidney Eugenia, age 5, visiting at the home of her parents, Mr. and Mrs. Marvin Presson. The little boy took pneumonia last week and died Monday in an Oakland hospital.

Burial was at Santa Clara Cemetery.

There are 14 miles of bridle paths in Golden Gate Park.

FARM-HOME CLUB ELECTS OFFICERS

The Farm and Home Club met at the home of Mrs. Manuel Ferreira last Friday for a dessert luncheon and elected Mrs. Marion Zwissig of Decoto chairman for the coming year.

Other officers elected were: Mrs. Geneva Smith, vice-chairman; Mrs. Mamie Ferreira, secretary, and Mrs. Edna Mara, publicity chairman.

WARREN BACKERS ORGANIZED HERE

Spurred to new enthusiasm by the appearance of Governor Earl Warren in lower Alameda County communities, a vigorous "last week" drive for his re-election is under way in Washington Township.

Judge Allen G. Norris of Niles is chairman of the executive committee directing the campaign in the district. He is being assisted by Vernon Ellsworth, Leon Solon and Virginia Bristow of Niles; Anthony J. Vargas in Alvarado, William Beck and Fred Melhase of Newark; M. P. Mathiesen and Mrs. Helen Rogers of Centerville, and R. J. Wright and A. E. Alameda of Irvington.

"Our communities are intensely interested in the re-election of Governor Warren at the primary," said Judge Norris. "We all want a continuance of the kind of humanitarian government with sound financial administration that Earl Warren has given California."
